Important Notes from Features and Option

Our homes have been designed to include many items that are reserved for more expensive, custom homes. Our classic architecture, award-winning floor plans and included features combined with great overall value lead to a finished product that will meet the needs of many buyers. At the same time, we encourage our buyers to personalize their home through our carefully and thoughtfully selected finishes available in our design studio. Please understand that design and personal styles change quickly and we can only offer the selections we have available in our design studio. Custom options are not available.

Any pricing or specifications that you may have received, prior to entering into a non-contingent purchase agreement, is subject to change at any time.

You do the living.

We do the work.

At NewStyle Communities, we believe time is the biggest gift we can give ourselves. That's why we do our best to help deliver a maintenance-free lifestyle so you can spend more time doing the things you enjoy. We take care of full-exterior maintenance from top to bottom. That means everything from roof and gutter repairs to painting to grass mowing, edging, lawn fertilizing, weed control and irrigation service to flower and shrub maintenance to leaf removal. Please take time to become familiar with the many ways NewStyle Communities helps "do the work" by viewing our responsibility checklist.
