

EXTERIOR COLOR SCHEME

*Explore the refined details of a
NewStyle Communities home.*

Welcome & Congratulations!

At NewStyle Communities, we offer the perfect combination of Lifestyle and Architecture. Our all-brick exteriors have been carefully chosen to create a timeless look and each brick color scheme is matched to color-coordinated shingles, window frames, exterior trim, garage door, accent pieces and the inviting front-entry door.

This Exterior Design Catalog is designed to showcase the various brick colors, by plan, and the matching accents. During your upcoming Design Appointment with our in-house Designer, you will select your exterior brick color.

In a time of unoriginal architectural styles and new home developments littered with all-siding homes, NewStyle Communities is committed to four sides of brick – a look that never goes out of style.
