

THE DESIGN CATALOG

Explore the refined details of a NewStyle Communities home.

Welcome & Congratulations!

This Design Catalog is designed to inspire you and assist with the choices you'll need to make when building your New Home! During your upcoming Design Appointment with our in-house Designer, you will have up to 3 hours to personalize your home and choose all interior finishes.

Following the completion of this design appointment, you will have 24 hours to make any additional changes to your home. No further changes to your home will be accepted after this. Soon after the Design Appointment, you will meet with the Project Manager for your Pre-Construction Meeting. This will be another detailed meeting reviewing the selections of your home and the NewStyle construction process.

You'll receive an introduction email from Builder Signal. This platform will provide you weekly construction updates and pictures from your project manager and will allow you to share the progress of your home with family and friends through the various social media outlets! We congratulate you on your new purchase and thank you for the confidence you have in NewStyle Communities as your new-home builder.

NOTES

A modern bathroom vanity featuring a white countertop with two rectangular sinks and chrome faucets. Below the countertop are dark-stained wooden cabinets with silver handles. Two large rectangular mirrors are mounted on the wall above the sinks, each with a three-bulb vanity light fixture above it. In the center of the countertop, between the sinks, is a chrome decorative vase holding two orange dried floral arrangements. The text "BATHROOM ACCESSORIES" is overlaid in the center of the image.
